

As we all as a community continue to grapple with the ongoing pandemic, I want to take this opportunity to assure each and every one of our parents and staff that SCM has developed a guide for reopening our school detailing health protocols, distancing strategies and innovative learning options (Google Class) for the upcoming school year. All guidelines have been developed with input from CDC and AAP (American Association of Pediatrics).

General Plan:

- Physical distancing
- Modified room layouts
- Increased cleaning schedule
- Entry screening
- Focus on promoting behaviors that reduce spread
- Innovative learning available as an option (Google Class, and helping students who are enrolled in remote learning or in-home learning)
- Staying home when symptomatic
- Face masks to be worn by all faculty and staff
- Encourage or teach students to wear masks
- Face shields may be an option
- Staff will be provided gloves and cleaning supplies to clean touch point surfaces throughout the day.
- Hand sanitizers will be placed throughout the building
- Playground will be sanitized
- Controlled traffic/ limited access to the building

We at SCM will continue to reach out to our parents as we update the information. If you have any questions please feel free to contact us via 321-723-4218 or on our Facebook, Instagram, Twitter, or email us at info@spacecoastmontessori.com. Our challenges seem to be endless this year but with your support we will be able to meet the educational social and emotional needs of our children. Thank you as always

Sincerely,

SCM Staff
